

Crēdo PROMED™

THERMAL PACKAGING SOLUTIONS

THERMALLY PROTECTED MEDICAL TRANSPORTERS

Designed specifically for the dynamic needs of pharmaceutical reps and first responders, the Crēdo ProMed™ product line currently consists of three different sized temperature-controlled portable medical transport bags that thermally protect the integrity of valuable pharmaceutical samples and medical supply payloads for 72 - 96 hours.

The outer bag is constructed of highly durable ballistic nylon fabric and the patented TIC™ panels with phase change material and VIP components contained within, are qualified to consistently protect medical materials such as blood, platelets, and commercial bio-pharma product samples within two ranges (2-8°C and 15-25°C).

MATERIALS

Outer Container:

Ballistic Nylon Fabric with high quality faux leather trim accents and durable web strapping and secure buckles

Color Options:

Standard Tan*

CRÉDO PROMED™ SERIES

In response to an identified need by pharmaceutical clients, we developed a dependable, easy-to-use “load and go” thermal protection soft-side bag.

The Crêdo ProMed™ is the same patented passive thermal protection technology that is part of the Crêdo Cube™ product family and is now available in three convenient payload volume sizes. These hand portable, highly durable and convenient to use soft-sided bags offer:

- **Easy conditioning** of the TIC™ system panels which makes the ProMed a simple, nimble, and consistently reliable option. Once the TIC™ system panels are staged and properly placed inside the VIP (vacuum insulated panels) assembly, simply insert payload content and be on your way
- **Rugged and sturdy** supportive interior side panels, double-stitched seams, reinforced protective corners, durable buckle straps, comfortable padded shoulder strap and a water and soil resistant protective bottom panel
- **A sophisticated design** with a clear view pocket for business essentials and a sturdy elastic back strap designed to slip effortlessly over telescoping handles enabling secure transport on top of wheeled bags

2 LITERS PAYLOAD

4 LITERS PAYLOAD

8 LITERS PAYLOAD

Type	Litres	Exterior Dimensions - mm	Interior Dimensions - mm	Tare Weight - kg
SERIES 4				
Series 4	2L	257 x 235 x 210	152 x 127 x 108	4
